

WOMEN'S INITIATIVE

BECOME INVOLVED, PLAY A ROLE, MAKE CONNECTIONS

We strive to continually enhance the MorganFranklin community. That's the reason why, in 2008, MorganFranklin Corporation founded the Women's Initiative. Our vision is to create a strong base of qualified and connected women leaders within the organization.

ADDRESS UNIQUE CONCERNS

We believe our people are most successful when they have the everyday flexibility they need to meet the demands of their professional lives and accomplish the things they identify as priorities outside of their careers. The Women's Initiative manifests the kind of success we want for MorganFranklin team members. Women can discuss and discover solutions to their unique work-life balance concerns and enjoy camaraderie in a congenial atmosphere.

MAKE THE MOST OF YOUR STRENGTHS

As continuous learning is an essential part of the MorganFranklin culture, our Women's Initiative allows participants to make the most of their strengths. This initiative serves as a forum where women can benefit from additional opportunities to sharpen managerial and organizational skills and enhance their personal professional development.

NETWORK

There is strength in numbers, quite simply. The MorganFranklin Women's Initiative fosters an internal network where professional relationships grow stronger. And external networking opportunities allow participants to expand the scope of their professional development with access to the knowledge and experiences of successful women in the metropolitan region.

COMMUNITY COUNTS

Philanthropy is no afterthought at MorganFranklin. Community concern is manifest in a number of ways and through a number of organizations — like the American Heart Association, the American Cancer Society and the Leukemia & Lymphoma Society. The MorganFranklin Women's Initiative is designed to create an even more significant presence in the community.

MORGANFRANKLIN WOMEN'S INITIATIVE ACTIVITIES:

Through the MorganFranklin Women's Initiative, participate in straight-talk discussions intended to help women negotiate personal and professional development strategies.

Key Objectives

- Empower women
- Foster an internal outlet for women to network
- Create a forum to address unique work-life balance concerns
- Provide staff opportunities to sharpen managerial and organizational skills
- Provide a leadership curriculum
- Advocate the promotion of women within MorganFranklin
- Attract and retain women at MorganFranklin
- Foster building an external women's network with clients and partners
